

**TAKE BACK DETROIT!**

**GET RID OF DAVE BING:** Bing gave away Cobo Hall, Joe Louis Arena, and city parking facilities to L. Brooks Patterson for 30 years and Detroit did not/will not get \$1 in return. The \$20 million payment Detroit received from the Cobo Hall deal is to pay for debt Detroit owes on Cobo Hall parking facilities. Detroit has to give the \$20 million back in 30 years. Bing also sold a big part of the Detroit Water Department—one of our most valuable assets—and has announced plans to sell the Windsor Tunnel, Detroit Public Lighting Department and who knows what else. Bing discontinued vitally needed bus service and, at the same time, took delivery on a brand-new, top-of-the-line Suburban Denali SUV. Bing is not from Detroit. He does not value our people or our assets. **He gives the rich and powerful everything, but gives you nothing!** Send Bing back to Franklin. Say no to Bing on November 3, 2009, by voting for Write-In Mayoral Candidate Jerroll Sanders.

**DON'T ELECT TOM BARROW:** Tom Barrow lies about everything. He steals Write-in Mayoral Candidate Jerroll Sanders' innovative ideas and portrays them as his own. (Sanders has been communicating with the Justice Department and other entities for months working to bring in federal monitors.) Barrow is a counterfeit of major proportion: He likens a highly-publicized contracting encounter Sanders had with Internal Revenue Service (IRS) to his IRS criminal conviction. IRS concluded Sanders acted with complete integrity, yet Barrow wants to sully Sanders' name so her character will not loom so large above his. Barrow committed 11 felonies, including bank fraud. Throughout the campaign, he has repeatedly lied, telling Detroiters his convictions were overturned. Barrow recently committed *mail fraud* when he lied to senior citizens and absentee voters in a recent mass mailing, telling them the court had restored his "good name." Days before the mass mailing, Barrow received notice from the court reaffirming his 11 felony convictions. Court decisions pertaining to Barrow's IRS civil and criminal cases reveal who Barrow really is. In addition to lying and engaging in financial mismanagement, Barrow forged the types of *back door* financial deals Detroiters have come to loathe. Weeks preceding the August Primary, local Talk Show Host Mildred Gaddis disclosed, on air, the Bing camp's plan to pump money into Barrow's campaign with the hope Barrow could defeat Sanders. The same people who made sure Bing received 70 percent of the vote in the August Primary also made sure Barrow received 1000 votes more than Sanders, so Barrow, not Sanders, would proceed to the November General Election. The same people now want you to believe you only have two choices—Dave Bing, who cares nothing about the people of Detroit and will sell every asset Detroit owns before having office, and Tom Barrow—a habitual liar and deceiver who will do, for the right price, everything Dave Bing will do. Do you wonder why Bing is cutting bus service, selling assets, and busting unions right before the election? Do you wonder why you have not seen Barrow vigorously advertising after receiving substantial funds from union endorsements? Barrow is in Bing's camp and Bing is thinking, "I've got this." In Detroit, a felon cannot be a police officer, fireman, bus driver or hold other city jobs. Legally, Barrow cannot be mayor. If Barrow were to be elected, Sanders will take legal action to prevent Barrow from taking office. Don't throw away your vote. Elect felon-free, Write-In Mayoral Candidate Jerroll Sanders on November 3, 2009.
